for the

## 13<sup>th</sup> FIW-Research Conference

### 'International Economics'

18-19 February 2021

*Submission Deadline: 15<sup>th</sup> November 2020*

#### OUTLINE

The Research Centre International Economics - FIW announces its 13<sup>th</sup> Research Conference 'International Economics' and invites the submission of (full) working papers to be presented at the conference.

The main objective of the conference is to provide a platform for economists working in the field of 'International Economics' to present recent research.

Papers from Ph.D. students, young faculty members and young researchers in similar positions are particularly welcome as the conference aims to support and encourage young economists by providing an opportunity to present their work to fellow junior economists as well as experienced senior researchers.

The conference also aims at bringing together researchers and policy makers to provide a forum for a discussion on how empirical evidence can more effectively inform actual economic policy making.
