

CALL for PAPERS

for the

17th FIW-Research Conference

International Economics

Vienna, 20th-21st February 2025

Keynote Lecture: Meredith Crowley (U. Cambridge)

Deadline: 15th November 2024

OUTLINE

The Research Centre International Economics - FIW announces its 17th Research Conference 'International Economics' and invites the submission of (full) working papers to be presented at the conference.

The main objective of the conference is to provide a platform for economists working in the field of 'International Economics' to present recent research.

Papers from Ph.D. students, young faculty members and young researchers in similar positions are particularly welcome as the conference aims to support and encourage young economists by providing an opportunity to present their work to fellow junior economists as well as experienced senior researchers.

The conference also aims at bringing together researchers and policy makers to provide a forum for discussion on how empirical evidence can more effectively inform actual economic policy making.

TIME & LOCATION

The 17th FIW Research Conference on 'International Economics' will take place on Thursday, **20th February 2025** and Friday, **21st February 2025** at the **Vienna University of Economics and Business (WU Vienna)**, Welthandelsplatz 1, 1020 Vienna, Austria.

PAPER SUBMISSION

We invite the submission of (full) working papers on all topics in the field of International Economics.

Please submit your working papers via <https://conference2025.fiw.ac.at> until 15th November 2024.

Selection decisions will be communicated between December 2024 and beginning of January 2025.

AWARDS

Two prizes for the best contributions to the Research Conference will be awarded - the '**Best Conference Paper Award 25**' and the '**Young Economist Award 25**'. Each award is worth **€ 1000**.

The 'Young Economist Award 25' is intended for Ph.D. students, young faculty members and young researchers in similar positions. To be considered for this award all authors of the paper have to be 34 or younger at the time of submission.

TOPICS COVERED

The broad topic of the conference is 'International Economics'. This includes, inter alia, International Trade, International Factor Movements, Economic Integration, Effects of international economic activities on Climate Change, Trade Policy, International Trade Organizations, Economic Growth of Open Economies, Multinational Firms, Global Value Chains, International Macroeconomics and other related fields.
